We hope that you well and have had a good trip to your family home.

As well we believe that you have enjoyed your sympathy in Vienna Hofburg Meeting of Cryosurgery which could give you the new ideas and impulses for your professional activities in the field of modern cryoscience, cryomedicine, cryosurgery and cryotechnology in the near future.

On this occasion we have to thank the Japan Society for Low Temperature Medicine, Asian Society of Cryosurgery, European Society of Cryosurgery, International Association of Medical Cryology and Austrian Society of Cryosurgery as well as its Presidents for the successful and kind collaboration.

On other hand we will continuously inform you about scientific events prepared by the Honorary President of the ISC and elected President of the ISC together with Board of Governors aimed at creative development of the International Society of Cryosurgery.

Now we are pleased to inform you that the **official website of the ISC** has already restructured and added referring to the finished 16<sup>th</sup> World Congress of the ISC in Vienna basically (see: [isc.cryosurgery.at](http://isc.cryosurgery.at)).

For this reason, we think that you would find any interesting and memorable moments which you have recently experienced during the ISC Meeting in the Vienna Hofburg.

Of course, the website of the ISC will be added with new scientific information and management messages regularly.

Please reconsider the legal Bylaws of the ISC 2011, English & German version, page 9.

With best collegial regards,
