Dear Members of the ISC,
Dear Colleagues,
Dear Friends,

The year 2011 is slowly fading into the history of human society. As always, human beings around the world have written the next piece of their own evolution in this year as well...

Additionally, the year 2011 was a historic year for the ISC, during which we officially and democratically came into possession of full legal personality with effect from October 7th, 2011.

One of the objective signs of our success is the official ISC web site statistics from the last six months of 2011 which show an enormous interest in revitalization and renovation of the ISC. Please look at the attached file.

On this occasion, we would once again like to thank you for your valued efforts and kind cooperation.

The New Year 2012 is already marked time on our planet and we have to look at the perspectives of the further positive development dynamic of the ISC.

In 2012, the ISC Bodies will initiate several constructive actions, the most fundamental of which is the starting of the "2012 Evolution of the ISC" agenda, the founding and establishment of the new national societies of cryosurgery and innovative scientific collaborations as well as coordination of the preparation and realization of numerous meetings for Cryosurgery, especially in China, Russia and Japan.

We are planning to prepare ISC Skype Conferences and open new informative and scientific columns on the official web site, www.isc.cryosurgery.at, among other things.

In 2012, we must also congratulate some of our colleagues in the field of **CRYO** and celebrate their excellent achievements.

Further, we gracefully request all of you to send novel suggestions for the beneficial development of the ISC and the scientific area of modern **CryoScience**, **CryoMedicine**, **CryoSurgery** and **CryoEquipment** in the near future.

Finally, we will continue to run hard-working to promote constructive and stable growth of the ISC with strong focus on Collegial Communication and Scientific Collaboration.

We once again cordially wish you all a creative and prosperous **Cryo2012!**

With kind regards,

ISC Presidents and ISC Board of Governors

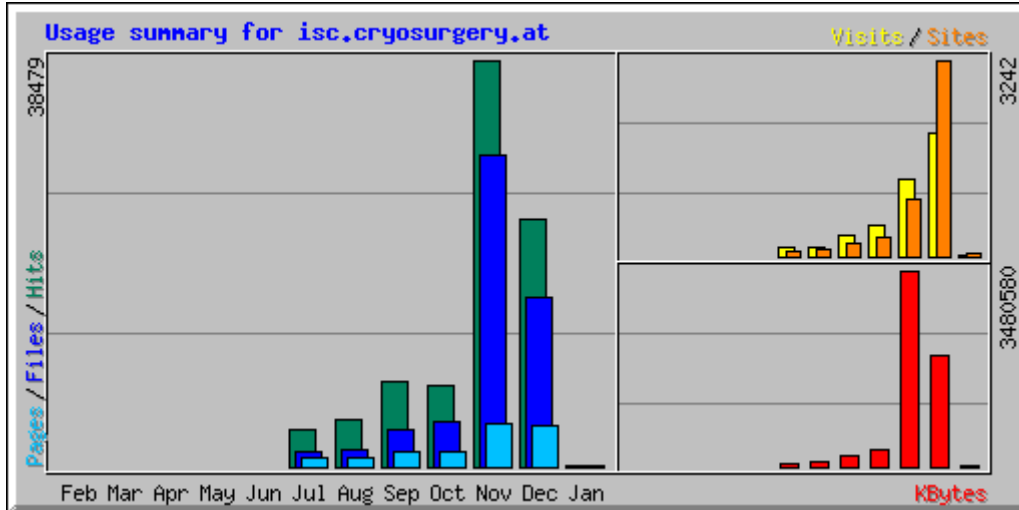

PS. The official ISC web site will continue to be added to and improved in 2012.

17th ISC Bodies

Legal Election & Voting via Secret Ballots, General Assembly of the 16th World Congress of the ISC
Hofburg, Vienna, Austria, November 2nd, 2011, 11:00-12:15 CET
