Dear Members of the ISC,  
Dear Colleagues,  
Dear Friends,

Time is going by fast... Unfortunately, the warm summer break 2012 will come to its end very soon. We return back to our work full of new body and mental energy gradually. Of course, we have to carry out new activities connected to the continual improvement in the further development of the ISC.

As you were already informed in the Newsletter 11 from June 10<sup>th</sup>, 2012, the Asian Society of Cryosurgery (ASC) was successfully founded based on the modern high legal and democratic principles (ISC web page: [www.isc.cryosurgery.at](http://www.isc.cryosurgery.at), column on the main menu: [Congresses](#), submenu: [Asian Society of Cryosurgery](#)).

Now we are pleased to send you the Progress Report of the Asian Society of Cryosurgery with 1<sup>st</sup> Board of Directors and Group Photo. Please refer to homepage of the ISC with column on the main menu: [Congresses](#), submenu: [Asian Society of Cryosurgery](#), column: [Continuation 3](#).

Further, we are delighted to inform you that the 2<sup>nd</sup> International Scientific Conference "Cryosurgery: Modern Methods and Innovative Technologies" has taken place in St. Petersburg on June 29<sup>th</sup>, 2012. Please see ISC web page: [www.isc.cryosurgery.at](http://www.isc.cryosurgery.at), main menu: [Congresses](#), submenu: [Innovative Cryosurgery: St.-Petersburg 2012](#).

Except scientific reports and discussions, a preparative Meeting was held during the above mentioned conference in St-Petersburg devoted to the founding of the Russian Society of Cryosurgery in the future. For this reason, a work group of Russian scientists and managers has been created to prepare the constitution and other necessary documents for the establishment of the Russian Society of Cryosurgery.

Once again we wish you and your families to have a wonderful rest summer recess 2012!

Best regards to you all and your families,

*Presidents and Board of Governors of the ISC*
