July 17, 2013

Dear Colleagues,
Dear Friends,

Currently we are very pleased to send you the final information from the CRYO2013 Organizing Committee about the coming 50th Anniversary meeting of the Society of Cryobiology CRYO2013 (see below).

“Dear Colleagues,

We would like to bring CRYO2013 to your attention - this is the upcoming meeting of the Society for Cryobiology, 28-31 July 2013 at the Marriott North Bethesda Conference Center. CRYO2013 is the Society for Cryobiology's 50th Anniversary conference and will be comprehensive, covering all aspects of cryopreservation. This is the science that lies behind biobanking. Optimal sample preservation and storage absolutely rely on optimizing the cryopreservation protocols. Of particular note to ISBER members are a symposium on Biobanking (Biomarkers of Quality) and a workshop on Biobanking both of which are presented in partnership with ISBER. There is also a full day symposium on GMP Cryopreservation, co-presented by the Society for Cryobiology and the International Society for Cell Therapies (ISCT). Other symposia (14 in all) include the fundamental behavior of water in the vitrified state, cryopreservation of different types of cells and organisms, and freeze drying.

To view the CRYO2013 scientific program, please see: http://cryo2013.org/?page_id=57

To register for CRYO2013, please go to: http://cryo2013.org/?page_id=76

Please make your hotel reservation

at: https://resweb.passkey.com/Resweb.do?mode=welcome_gi_new&groupID=15110154

For additional information, please go to: www.CRYO2013.org

Questions? Please email Eric James at: ejames@sanaria.com

This is the first meeting co-promoted by ISBER and the Society for Cryobiology and promises to be truly memorable.

Thank you. We look forward to seeing you at CRYO2013.

Eric James. On behalf of the CRYO2013 Organizing Committee”.
