August 28, 2013

Dear Members of the International Society of Cryosurgery,
Dear Colleagues,
Dear Friends,

The almanac summer 2013 is coming to its end in a few days. This summer was a real scorcher. But we hope that the holiday was great. We trust that you and your families have estivated sun-trap and recreative vacations 2013.

Hence we are willing to continue with refreshed power our constructive work connected to the ISC, especially the preparation of the upcoming 17th World Congress of the ISC in Bali, Indonesia.

In this context, the first Welcome Messages have already been installed on the official website of the ISC: www.isc.cryosurgery.at, submenu: 17th World Congress, column: Welcome Messages.

The extended and complete Welcome Messages will be administered in a few days on the additional website of the Organizing Committee of the ISC 17th World Congress in Indonesia. Also, the link of the new installed website at the Organizing Committee will be closed on the official website of the ISC: www.isc.cryosurgery.at, submenu: 17th World Congress, column: link: Organizing Committee immediately.

Further, we are very pleased to inform you about the Lecture "Modern Cryosurgery for Cancer" presented by Vice President of the ISC Prof. Dr. Kecheng Xu, Guangzhou, China in WHO, Geneva, Switzerland. Please find the lecture on the www.isc.cryosurgery.at, submenu: History, column: Individual Events & Scientific Facts/Kecheng Xu/ Lecture, WHO, Geneva, 06/2013.

We are looking forward to your early reply referring to your energetic attendance on the ISC 17th World Congress in Bali, especially, communication with the Organizing Committee in Indonesia, sending abstracts, registration forms, etc.

Finally, we wish all of you and your families good health, extensive success and all the best.

Kind regards,

Presidents and Board of Governors of the ISC

17th ISC Bodies

Legal Election & Voting via Secret Ballots, General Assembly of the 16th World Congress of the ISC
Hofburg, Vienna, Austria, November 2nd, 2011, 11:00-12:15 CET
