September 15, 2013

Dear Members of the International Society of Cryosurgery,
Dear Colleagues,
Dear Friends,

In retrospect we are pleased to see how the ISC has grown after the past 16th World Congress of the ISC in Vienna 2011. De facto the ISC has seen a remarkable growth in recent years. As well recently our website was updated with more facts and information about the upcoming 17th World Congress of the ISC. Now we welcome you to visit not only our legal ISC website: <http://www.isc.cryosurgery.at> but also the additional new website of the Congress Organizing Committee in Indonesia. In this context please visit the actual website: <http://www.cryosurgery2013bali.com> which was already set up and connected to the main ISC website: [Links](#). Please note the additional new e-mail: isc2013bali@pharma-pro.com which is aimed at the upcoming 17th World Congress of the ISC in Bali, Indonesia on December 11-14, 2013, too. In a moment the Congress Organizing Committee in Indonesia assumes the scheduling of the 17th World Congress of the ISC completely.

Further, we are very pleased to inform you about the newest issue of *Low Temperature Medicine, Vol. 39, Number 1, March 2013* which is applied on the ISC website: <http://www.isc.cryosurgery.at>, submenu: 17th World Congress.

Equally we are proud of the newly founded international anticancer institution namely "World Anticancer Movement" (WAM) whose World Coordination Assembly will profoundly collaborate with the official newly elected ISC Bodies in the near future. For this reason, we invite you to visit the website: <http://www.wam.cryosurgery.at>. All of you are cordially invited to attend the activity of the WAM in its multiple-row scientific aspects and management directions any time.

We are looking forward to seeing you and your activity in attendance on the preparation and processing of the 17th ISC World Congress in Bali, December 11-14, 2013.

Finally, thank you for your continuous contribution to our work in terms of favorable and democratic formation of the ISC. We wish all of you and your families good health, extensive scientific success and all the best.

Kind regards,

Presidents and Board of Governors of the ISC

17th ISC Bodies

Legal Election & Voting via Secret Ballots, General Assembly of the 16th World Congress of the ISC
Hofburg, Vienna, Austria, November 2nd, 2011, 11:00-12:15 CET
